Notes: _____

10.

DIGGING DEEPER

Time: 000 : 00 : 00 : 00

Description:

Now that you have written down some first thoughts, let's dig a little deeper into those impressions.

Notes: _____

11.

Description:

We like to think that when we look at the world, we see it objectively. We tend to think reality is exactly what we see, that it exists in the order and detail in which we see it.

Notes: _____

12.

Description:

But how neutral are we when we look at the world around us?

Notes: _____

13.

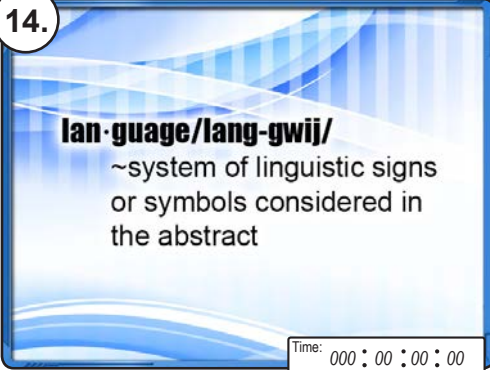

Description:

A moment ago, you listened to a list of words, and it's likely that some impressions or images came into your mind.

Notes: _____

14.

Description:

Language is an abstraction that we attempt to convert into something simpler to understand: a concrete thought or picture that we can make sense of.

Notes: _____

15.

Description:

What pictures leapt to mind when you heard those words?

Notes: _____

16.

Description:

Were there several?

Was there just one?

Notes: _____

17.

Description:

When you heard "English language learner,"

Notes: _____

18.

Description:

did you see this?

Notes: _____

19.

Description:

Or this?

Notes: _____

20.

Description:

What about "cheerleader"?

Notes: _____

21.

Is this what came to mind?

Notes: _____

22.

Description:

Or was it something like this?

Notes: _____

23.

Description:

What about "student living in poverty"?

Notes: _____

24.

Description:

Did you see this?

Notes: _____

25.

Description:

Or perhaps this image is what occurred to you?

Notes: _____

26.

ster-e-o-type/sterēə tīp/
~conventional and over-simplified idea, opinion, or image

Time: 000 : 00 : 00 : 00

Description:

We don't always like to acknowledge it, but our perceptions can sometimes be influenced by stereotypes.

A cognitive and social mechanism, a stereotype is what we call

Notes: _____

27.

Time: 000 : 00 : 00 : 00

Description:

the human mind's tendency to simplify people or groups into a narrow range of characteristics, habits, or reactions.

Notes: _____

28.

Time: 000 : 00 : 00 : 00

Description:

But these types of perceptions are often inaccurate, leading us to oversimplify or to unfairly categorize others.

Notes: _____

29.

Time: 000 : 00 : 00 : 00

Description:

People are more complex than that. People are more diverse.

Notes: _____

30.

Student with a Disability

Time: 000 : 00 : 00 : 00

Description:

So when you heard the words "student with a disability,"

Notes: _____

31.

Student with a Disability

Time: 000 : 00 : 00 : 00

Description:

did you see this?

Notes: _____

32.
