

Cooper's Portfolio: Housing Preferences

1. Who do you want to live with when you get out of high school? (e.g., alone, with friends, with family)
I live with my grandma now. I will live with her for a while until I can afford my own place.
2. What type of housing will you live in when you graduate high school? (e.g., house, apartment)
I want an apartment of my own but for now I will stay with my grandma in our little farmhouse.
3. Where do you want to live?
I want to live closer to town, we live pretty far out of town in the country.
4. How will you pay your bills? (e.g., rent, utilities)
I have to get a job.

Cooper's Portfolio: Working Preferences

1. What type of job are you interested in?
I want to cook. I want to be a chef.
2. Are there different types of jobs you would like to try?
I want to know how to run a restaurant.
3. Do you have the skills needed for the type of work you want to do?
I work in a restaurant now, I think I need practice. My boss said I need to learn to run the business side of things too if I ever want to own a restaurant.
4. What supports do you need to have the type of job you want?
I don't know.
5. What kind of work environment do you think would suit you best?
I work in a small restaurant. I think I want to own a big restaurant someday.

Cooper's Portfolio: Transportation and Recreation Preferences

1. How are you going to get to and from the places you will go? (e.g., work, training, store, bank)
My grandma drives me some now. I did not pass the written part of the driving test because it was too hard. I have trouble with understanding the trick questions. Maybe I can ride my bike when I am close to town or maybe I can study for the test again.
2. What interests do you have outside of work? (e.g., recreation, hobbies)
I like to try new restaurants but where we live there aren't many. I like to ride my bike and swim and fish in our lake.
